Community:

Volunteered for meals on wheels

Youth Soccer Coach

Walk for Life

After holding several local positions and sitting on committees at the state level, it is important to me to remain active and involved with issues that affect our day to day operations as Realtors. I am seeking this office with the Colorado Association of Realtors in order to increase my service and involvement at the state level. I feel I have learned from every position that I have held on local boards/CAR committees and that I can build upon these experiences to serve in a greater capacity.

Thank You For The Opportunity
