

COLORADO SCHOOLS NEED YOUR HELP

The Colorado REALTORS® for Education Grant Program was created to help lessen the financial burden school budget cuts are having on educators. Many teachers are spending money out of their own pockets each year to enhance the learning experience for our K-12th graders. The “Colorado REALTORS® for Education” grant program has given out over \$50,000 since 2007 to teachers across the state for much needed materials and supplies. However, the grants awarded only scratches the surface of the true need of our educators. Over \$1 million dollars in grant requests was submitted by our Colorado teachers. Did you know the Colorado Department of Education ranks Colorado 49th in the nation for the percentage of the state’s budget that is devoted to K-12 public education!

HELPING IS EASY

There are three ways you can help this program.

1. Take a GRI class online at www.VanEd.com.
2. Donate online at www.vaned.com/charity - any amount helps
3. Spread the word. Do you know a teacher in need? Have them apply for a grant. Tell others how they can help educate our children.

APPLICATION & GUIDELINES

Grants are intended to assist teachers, schools, school districts and non-profit education organizations in Colorado with the purchase of supplies, materials, equipment and other resources. A recipient, who receives a grant must use the funds to purchase resources in accordance with the Grant Application, no later than 12 months from the date of the grant check.

The grant guidelines and application forms are available online at:
www.ColoradoREALTORS.com/Education
